

Savee Sharma

Unity Developer | C# Programmer

+91 7489860793 | saveesharma4@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Unity Developer with hands-on experience developing 2D and 3D games using Unity and C#. Strong understanding of gameplay programming, UI systems, physics, and debugging. Passionate about building engaging games, writing clean code, and continuously improving game development skills.

TECHNICAL SKILLS

Programming Languages: C#

Game Engine: Unity

Programming Concepts: OOP, Data Structures

Unity Skills: Physics, UI, Animation, Scene Management, Audio, Prefabs

Tools: Git, GitHub, Blender, Visual Studio, VS Code

UNITY PROJECTS

Space Quest – A Unity-based Game Development Project

- Designed and developed a fully functional 3D game using **Unity and C#**.
- Showcased proficiency in **game mechanics, physics, UI design, and scripting**.
- Implemented interactive **gameplay elements, animations, and sound effects**.
- Optimized **performance and memory usage** for a **smooth user experience** across different platforms.

Finny Jump – Arcade Game

- Developed a 2D Flappy Bird-style game using **Unity and C#**.
- Implemented core mechanics including **player movement, obstacle spawning, and collision detection**.
- Integrated a **scoring system** and basic **UI screens** (start/game over) with smooth and responsive gameplay.

EDUCATION

Mahakal Institute of Technology

B.Tech – Computer Science and Engineer

CGPA – 7.31 / 10

2021 – 2025

Ujjain, Madhya Pradesh

St. Paul's Convent Sr. Sec. School

Senior Secondary, Science

2020–2021

Ujjain, Madhya Pradesh

CERTIFICATION

Learn Unity Programming: Unity C# Tutorial for Beginners – BitDegree (2024)

Python Programming – CodeSoft (2024)

C++ & Data Structures – JobSense (2023)

Web Design – JobSense (2022)
